

Hello,

I am sending this email as we are trying to get the Olympic Organising Committee to consider adding Endurance Racing into the London 2012 Olympic Games, We already have set up a petition on-line for people to add their support, however this has been limited to UK residents only, I am asking you whether you could set up your own petition for your federation, or ask for people to email us direct on:

endurance2012@hotmail.co.uk

We need as much support as possible so any support would be greatly received!

We have already a group on facebook of people who are interested
<http://www.facebook.com/home.php?#/group.php?gid=2348807556>
The more people we have behind this the easier the journey will be,

Many Thanks

Philip Hirst
